

Endor AG: Implementation of the Share Split on October 14, 2021

Landshut, October 12, 2021 - The share split of Endor AG, under which shareholders will receive seven additional shares for each share held without additional payment, will be implemented by the accompanying bank and Clearstream with effect and value date on October 14, 2021.

At present, the Endor AG share is partly only tradable to a limited extent, because there were isolated differences in the timing between different custodian banks when the additional shares with a value date of October 14, 2021 were booked. The Endor share will be fully tradable again by October 14 at the latest.

The Annual General Meeting of Endor AG had resolved a capital increase from own funds in the amount of 13.6 million euros. Accordingly, the share capital has now been increased from the previous 1.9 million euros to 15.5 million euros. In the share split, shareholders will receive seven additional shares for each share held, without additional payment. One of the main aims of the stock split is to increase liquidity through the higher number of shares then in circulation.
